

# Amarr® Classica® Post Frame Buildings

Lucern design with Clear windows and Closed Square top section in True White/Hunter Green with Blue Ridge handles

**Nothing can make a post-frame building look as unique as an Amarr Classica garage door.** Visually, these doors have the appearance of a vintage wood door, but they are made of sturdy, low-maintenance steel. The numerous designs are stamped directly into the steel, providing a deep embossment and years of worry-free operation. Odd heights and odd widths are available.

Santiago design with Thames windows and Closed Arch top section in True White/Terratone

Santiago design with double-stacked Thames windows in True White/Terratone

12x14 Santiago with Clear (C) Windows

12x14 Northampton with Thames (10) Windows

9x10 Valencia with Nile (6) Windows
